CHIDERA IKENNA-OBI

Digital & IT Project Coordination | PMO | Business Analysis

Hartlepool, TS25 | 07861 387469 | chideraikennaobi@gmail.com | github.com/Philoso4er

PROFESSIONAL PROFILE

MSc Project Management with Advanced Practice candidate at Teesside University with a BEng in Petroleum Engineering and practical experience spanning digital product development, business development, customer support, data analysis, property operations and technical maintenance. Experienced in taking digital product concepts from research and planning through design, AI-assisted implementation, testing and deployment, with 10+ live web apps across consumer research, property marketing, interactive experiences and AI-enabled tools. Combines technical curiosity with commercial awareness, structured problem-solving and clear communication. Seeking an entry-level project, PMO, digital delivery or technology/business analysis role with opportunities to develop within a technology-focused organisation.

CORE SKILLS

- **Project delivery:** project planning; requirements and feature definition; testing and iteration; deployment; work tracking and job sheets; project documentation
- **Analysis & stakeholders:** user research; business data analysis; data organisation and dashboards; stakeholder and customer communication; explaining technical concepts clearly
- **Tools:** Microsoft Excel, Microsoft Project, PowerPoint; GitHub; Vercel; AI tools for research and development; video editing tools
- **Technical understanding:** APIs, online payments (Stripe), databases (Supabase, Firebase) and AI integration (Google Gemini)

EDUCATION

MSc Project Management (with Advanced Practice) **Jan 2026 – Jan 2028 (expected)**

Teesside University, Middlesbrough

- Core modules include Managing Projects with PRINCE2®, Project Management Philosophies and Tools, Risk Management in Projects, Advanced Project Planning and Visualisation, and The Management of Change.

BEng Petroleum Engineering **2015 – 2020**

Madonna University, Nigeria

SELECTED DIGITAL PROJECTS

Checkout – AI product-research assistant checkoutsearch.vercel.app

Defined the problem and core features for an assistant that helps shoppers make better-informed buying decisions, and took it from research to live release.

Pawesome – AI companion for pet owners thepawesome.vercel.app

Scoped and delivered a multi-feature product: AI vet-style assistant by text, voice or photo, live camera consultations, health, feeding and training records, breed-specific training guides, and a community forum and feed (Firebase, Gemini).

Pixel Art Grid – paid shared canvas pixelartgrid.vercel.app

Launched a shared canvas where people buy pixels for £1 each and add a colour plus an optional name, message and link, integrating Stripe payments with a Supabase backend.

60-Second Puzzle Fix – concept pitch for Bauer Media puzzles-gules.vercel.app

Produced a timed puzzle widget as a concept pitch tailored to a specific media business.

Property Listings Maker – content tool property-listings-maker.vercel.app

Created a tool that generates property-listing content, drawing on real-estate content work.

Further projects: Hi, I'm an Alien (AR web game: the alien appears through the phone camera, stands on real surfaces and chats in character; hi-im-an-alien.vercel.app); Inhouse (AR art visualisation with ordering); Movie & Book Soul Reader; DYORBOT; RPS Battlefield; Fireman: Tower Blaze Rescue; UK Life (multiplayer London life-sim prototype, in progress).

PROFESSIONAL EXPERIENCE

Independent Digital Product Developer **2024 – Present**

Independent projects

- Lead each product end to end – concept, user research, planning, design, testing and deployment – with 10+ web apps now live.
- Define requirements and features, then direct AI-assisted development to build them, checking each release against the intended functionality.
- Plan and coordinate third-party integrations, including Stripe payments, Supabase and Firebase databases, and Google Gemini AI.
- Manage version control and releases through GitHub and Vercel, testing, fixing and iterating after launch.
- Extended into real estate in 2026, producing property-listing content, property dashboards and automated tools.

Property & Digital Operations Support **Mar 2026 – Apr 2026**

Sunderland City Estates

- Maintained property and tenant information in spreadsheets and dashboards.
- Prepared and organised commercial lease and property-management documentation.
- Kept job sheets and work tracking up to date, including tracking IT, Wi-Fi and TV issues.
- Supported residential sales and lettings viewings and appointments.

Business Developer (Part-time) **Sep 2022 – Jan 2026**

IO Chemicals Investment Limited, Nigeria

- Maintained daily accounts and business records.
- Handled customer outreach and support, building and maintaining client relationships.
- Analysed business data to inform marketing and business-development activity.

Contract Sourcing (Part-time) **Sep 2022 – Jan 2026**

Kaykem Paints, Nigeria

- Sourced contracts for the business, running this alongside the IO Chemicals role.

Caregiver **Aug 2024 – Sep 2025**

Wuzor Arum Memorial Specialist Hospital, Nigeria

- Provided patient care in a specialist hospital setting and completed caregiver training.

Teaching Assistant, Introduction to Technology **Sep 2021 – Aug 2022**

National Youth Service Corps (NYSC), Nigeria

- Taught junior secondary classes, explaining technical concepts in clear, accessible terms.
- Set and ran examinations for the subject.

Sales Representative **2020 – 2021**

Yodo1 Games, Beijing (remote)

- Sold SDK products to game developers, working remotely with a Beijing-based company.
- Advised developers on game improvement and monetisation.

Engineering Intern (Industrial Training Placement) **Year 4 of BEng (approx. 6 months)**

Wasco Oil Services, Nigeria

- Carried out maintenance work on oilfield equipment during a 400-level industrial training (SIWES) placement.

ADDITIONAL UK EXPERIENCE

Carer / Support Worker, Fenwick Healthcare (Aug 2026 – Present); Domestic Support / Kitchen Assistant, Adkins agency (Feb 2026 – Present); Recycling Operative, Biffa Waste & Recycling (Aug – Sep 2026). Held alongside MSc study, showing reliability, teamwork and adaptability in UK workplaces.

CERTIFICATES

Six Cs of Care (Oct 2025) | Caregiver Certificate of Completion, Wuzor Arum Memorial Specialist Hospital (Sep 2025)
